The holiday season, often associated with joy and relaxation, also presents a golden opportunity through homework for meaningful engagement with learning and creative exploration. Designed to nurture creativity and critical thinking, the allocated assignments and tasks are structured to be engaging and cultivating deeper understanding.

Guidelines for completion:

1. All homework should be completed in a thin notebook (subject-wise), unless specified otherwise.
2. The work must be original. Ready made materials should be avoided.
3. The holiday homework will be graded, and marks will be added to the subject enrichment score.

Celebrate the special Bond!

Father's Day: On Father's Day, take the opportunity to create heartfelt memories with your father. Spend time with your father, make him feel special and let him know how much he is valued and loved.

Peter's Magic Shoes

Peter's grandfather gave him a new pair of shoes for his tenth birthday. He smiled as he gave them to Peter, as if he knew something. "Good luck," his grandfather whispered. Peter had no idea what that meant, but he put them on and ran outside. As soon as he stepped outside, the shoes lifted him into the air. Peter was floating off the ground! He went higher and higher, and could control where he went. It was as if he was a super hero. He looked down at his house and saw his grandfather smiling and waving at him. Peter grinned and flew off.
